Organized by Thai Society of Cosmetic Dermatology & Surgery (THAICOSDERM)

PRESIDENT'S MESSAGE

Dear Participants,

Now heading into our 4th consecutive successful year, the Thaicosderm provides the aesthetic training, delivering a comprehensive and intense look at the practice of Aesthetic Medicine. Today competitive aesthetic, successful practitioners know the importance of learning in rapidly evolving field. For 20 years of the local congress and 3 years of the international ones, the Thaicosderm educational program has presented progressive cosmetic techniques delivered by the world-class thought leaders in aesthetic medicine in a highly interactive and effective way.

In keeping with our core mission to the future of Aesthetic Medicine, Thaicosderm will again bring attendees to the "New Frontiers in Aesthetic Medicine". Join us to see the new promising products and equipments as well as new procedures and techniques. This will prepare you to serve better to patients, and improve your overall practice.

By popular demand and in keeping with our commitment to provide educational opportunities for the advanced and the new practitioners, we proudly arrange the 3-day congress and the 2-day post-congress session of facial anatomy in dissecting cadavers as well as a special session how to manage an aesthetic clinic. Join us in November 2014 to expand your knowledge to build crucial skills and guarantee the continual success in your practice.

Thada Piamphongsant, MD, FAAD

President, Thai Society of Cosmetic Dermatology and Surgery

17.30-18.00	Full Face Thread Lifting by Coned Thread Paola Rosalba Russo (Italy)			
END DAY 3				

Course 1 (1-day) "Live Patient Injection with Cadaver Demonstration"

A collaboration between Thai Society of Cosmetic Dermatology and Surgery; Division of Dermatology, Department of Medicine; Division of Facial Plastic and Reconstructive Surgery, Department of Otolaryngology & Chula Soft Cadaver Surgical Training Center, Faculty of Medicine, Chulalongkorn University, Bangkok, Thailand.

What's New in 4th ITCAM Cadaver Course 1, 2014

This year we approach one of the most difficult areas to obtain good aesthetic result, the PERIORBITAL AREA. We will demonstrate different types of periorbital problems in different age groups: young patient with tear through, middle age patient with tear through and palpabromalar groove, aging patient with hollow eyes (lower eyelids) and sunken eyes (upper eyelids). Recent trend of advance filler injection indication is UPPER FACE AUGMENTATIONS, including temporal, forehead and glabella. Learn the layers by layers approaching optimum level of filler injection for good aesthetic result. Identifying the safe zone and danger zone to avoid filler complications in the upper face region.

Regarding Botulinum toxin Injection, this year we organize the first time ever of how to create BEAUTIFUL SMILE using Botulinum toxin. What is real and fake smile? Learn the muscles of smile by evaluating problematic smile in real patients and simulation of smile action in cadaver by thread pulling. See how the expert correct problem smile cases to a more beautiful and real smile. Exploring muscles in mid and lower face region in cadaver demonstration and learn how to avoid complications of smile from Botulinum toxin injection in nearby area.

This course will focus on clinic-based live patient injections and support by anatomic demonstration in cadaver for insight learning experience. Tips and tricks to transform science to art of beauty by filler injections with maximized results and lesser complications.

This is NOT an anatomy course. As clinicians, we can combine the knowledge of clinical approach by three Asian pioneers in this field and the essential anatomy guidance by world-class anatomists.

Seats are limited to 100 Thai and international participants and will be available on a first-come, first-served basis.

STRICTLY NO VIDEO RECORDING AND PHOTO TAKING.

You are not allowed to bring camera, video recorder or any recording devices including iPad into the lecture hall.

1st Floor, Pattayapat Building, Faculty of Medicine, Chulalongkorn University

8.30-8.50	Registration	
8.50-9.00	Opening Speech	Thada Piamphongsant (President of Thaicosderm)
SESSION 1: FILLERS		
9.00-10.30	Correction of Infraorbital Problems in Young, Middle-Aged, Elderly Patients & Sunken Eyes (part 1)	Allen HUANG (Taiwan) Hee-Jin KIM (Korea) Hyoung Jin MOON (Korea) Joseph Amado Galvez (Philippines)
45 min	Case 1: Tear trough in young patient - Overview of tear trough problem - Live patient evaluation and injection - Follow by demonstration of cadaveric face describing the underlying structure defect, danger zone	
45 min	Case 2: Tear trough and palpable malar groove in middle-aged or elderly patient - Overview of tear trough and palpable malar groove problems - Live patient evaluation and injection - Follow by demonstration of cadaveric face describing the underlying structure defect, danger zone	
10.30-11.00	COFFEE BREAK	

SESSION 2: FILLERS

11.00-12.30	Correction of Infraorbital Problems in Young, Middle-Aged, Elderly Patients & Sunken Eyes (part 2)	Allen HUANG (Taiwan) Hee-Jin KIM (Korea) Hyoung Jin MOON (Korea) Joseph Amado Galvez (Philippines)
45 min	Case 3: Hallow eyes (lower eyelids) - Overview of hallow eyes problems - Live patient evaluation and injection - Follow by demonstration of cardaveric face describing hallow eyes	
30 min	Case 4: Sunken eyes (upper eyelids) - Live patient evaluation and injection - Follow by demonstration of cardaveric face describing sunken eyeballs	
15 min	Panel discussion: essential anatomy around the eyes, safe zone and danger zone	
12.30-13.30	LUNCH	

SESSION 3: FILLERS

13.30-15.00	Upper Face Rejuvenation by Filler Injections: Temporal, Forehead, Glabella.	Allen HUANG (Taiwan) Hee-Jin KIM (Korea) Hyoung Jin MOON (Korea) Joseph Amado Galvez (Philippines)
75 min	Case 5-7, patient cases live injection by different injection techniques from the experts. How to select appropriate products and instruments.	
15 min	- Essential anatomy of structures in upper face - Safe zone and danger zone - How to avoid complications	
15.00-15.30	COFFEE BREAK	

SESSION 4: BOTULINUM TOXIN

15.30-17.00	How to Create Beautiful Smile by Botulinum Toxin Injection	Kwun Cheung HAU (Hong Kong) Tanvaa Tansatit (Thailand)
15 min	Smile design	
45 min	Patient cases evaluation & live injection	
15 min	Smile muscles in cadaver simulation of action by thread pulling	
15 min	Cases discussion by panel of experts: smile muscles complications & management	
17.00	END DAY 1	

COURSE COORDINATORS: Sujittra Napatthorn (Thailand) & Viboon Rojanavanich (Thailand)

SPECIAL THANKS TO ALLERGAN, GALDERMA & MENARINI

Course 2 "Hands-On Full Facial Filler Injections & Assisted Dissections"

Participants will have the opportunity to use the information disseminated in Main Congress as a guide for the procedures they have to perform on the face of real fresh cadaver in this Cadaver Course at Chula Soft Cadaver Surgical Training Center.

A rare chance for Aesthetic Physicians for training filler injection on the face of cadaver. This year full face of cadaver including upper face, mid face and lower face will be performed by 2 famous experts in their fields. The clinical expert will demonstrate the latest techniques of filler injection. Follow by dissection to identify the structures in multilevel plane by the anatomists.

Each attendee will have a chance to perform these procedures by the assistance of the clinical instructors. 5-6 attendees per group to ensure clear viewing. We prepare 2 cadavers per group for 2 different injection techniques.

After completion of Hands-on Cadaver Course 2, the attendees are able to do the following objectives.

- Drawing of essential vessels, nerve and important structures on cadaver face.
- Identify safe zone and danger zone.
- Selection of appropriate product, instrument.
- Proper filler injection technique: safe entry point, depth of injection & layers.
- Tips and tricks: how to have good aesthetic results.
- Knowledge of anatomy of essential anatomy within injection area and surrounding.
- Cadaver dissection to verify filler in correct plane.
- How to avoid filler complications.

The attendees will join Cadaver Course 1 on November 10, 2014 free of charge.

**Seats are limited to 50 Thai and international participants.
Seating is reserved on a first-come, first-served basis.**

STRICTLY NO VIDEO RECORDING AND PHOTO TAKING.

You are not allowed to bring camera, video recorder or any recording devices including iPad into the lecture hall.

4th Floor, Pattayapat Building, Chula Soft Cadaver Training Center

8.00-8.30	Registration	
8.30-9.00	Briefing	Viboon Rojanavanich (Thailand)
9.00-10.30	SESSION 1: UPPER FACE Forehead, Temporal Area	
30 min.	Lecture of injection techniques & dissection patterns	Hyoung Jin Moon (Korea) Joseph Amado Galvez (Philippines)
45 min	Performing hands-on in Cadaver #1 Forehead, temporal area	Hyoung Jin Moon (Korea) Tanvaa Tansatit (Thailand)
45 min	Performing hands-on in Cadaver #2 Forehead, temporal area	Joseph Amado Galvez (Philippines) Hee-Jin Kim (Korea)
10.30-11.00	COFFEE BREAK	
11.00-12.30	SESSION 2: MID FACE Tear Trough, Mid Cheek Hollow, Nasolabial Fold	
30 min	Lecture of injection techniques & dissection patterns	Hyoung Jin Moon (Korea) Joseph Amado Galvez (Philippines)
60 min	Performing hands-on in Cadaver #1 Tear trough, mid cheek hollow, nasolabial fold	Hyoung Jin Moon (Korea) Tanvaa Tansatit (Thailand)
12.30-13.30	LUNCH	

13.30-14.30	SESSION 2: MID FACE (cont.) Tear Trough, Mid Cheek Hollow, Nasolabial Fold	
60 min	Performing hands-on in Cadaver #2 Tear trough, mid cheek hollow, nasolabial fold	Joseph Amado Galvez (Philippines) Hee-Jin Kim (Korea)
14.30-15.00	SESSION 3: LOWER FACE Hollow Cheek, Chin, Jaw Line	
30 min	Lecture of injection techniques & dissection patterns	Hyoung Jin Moon (Korea) Joseph Amado Galvez (Philippines)
15.00-15.30	COFFEE BREAK	
15.30-17.30	SESSION 3: LOWER FACE (cont.) Hollow Cheek, Chin, Jaw Line	
60 min	Performing hands-on in Cadaver #1 Hollow cheek, chin, jaw line	Hyoung Jin Moon (Korea) Tanvaa Tansatit (Thailand)
60 min	Performing hands-on in Cadaver #2 Hollow cheek, chin, jaw line	Joseph Amado Galvez (Philippines) Hee-Jin Kim (Korea)
17.30-18.00	Q & A Evaluation	Panel of Experts
	COURSE INSTRUCTORS	Sujitra Naphathorn Tanom Bunaprasert Tanvaa Tansatit Viboon Rojanavanich
SPECIAL THANKS TO ALLERGAN & GALDERMA
